

Suburban Cook County Flood Damage Assistance

Was your home affected by the severe storms and flooding that occurred in April and May 2013?

If so, you may be eligible to receive assistance with home repairs.

This program is restricted to Suburban Cook County.

- Owners must be income-qualified (see back of flyer)
- Single through 4 unit homes in Suburban Cook County
- One-time monetary grant to assist with flood damage and control

Residents are required to show evidence of damage incurred from the April/May 2013 flood. NHS is administering this program for Suburban Cook County residents south of 39th Street.

The flood damage assistance program is open to residents of suburban Cook County earning 80% of Area Median Income (AMI), adjusted by household size, as established by the U.S. Department of Housing and Urban Development. AMI is determined based on income derived from salary/wages, Social Security income, pension allocations, child support, rent payments, etc. for all adults in the home or owner's unit 18 years of age or older.

If you have questions about your household AMI level and/or your eligibility for flood damage assistance, please call Neighborhood Housing Services of Chicago at 708-627-3071.
